

## **School of Economics, Fudan University**

### **Assistant Professor/Associate Professor/Professor in Risk Management, Insurance, Actuarial Science, and Applied Statistics**

The School of Economics at Fudan University warmly invites applications to fill one or two tenure-track positions in Risk Management, Insurance, actuarial science, and applied statistics. The anticipated start date is Fall 2018. The position(s) will be filled at all ranks.

**Responsibilities:** As a preeminent research university, Fudan University emphasizes both strong research and excellent teaching. Research leading to publications in premier journals is supported and expected. Teaching responsibilities will include undergraduate and graduate courses.

**Qualifications:** Applicants must have a doctorate with a specialization in risk management/insurance, or equivalent, from an AACSB-accredited program. Tenure-track status requires completed degree by August 2018. Candidates at the rank of associate or full professor must have demonstrated an outstanding record in research and teaching. Candidates at the assistant professor level should have a Ph.D. already in hand or firmly expected by August 2018 and should show promise of significant scholarship and teaching ability.

**How to Apply:** Candidates are invited to send an application letter, resume, research papers, and 3 reference letters to Ms. Ji at [td\\_econ@fudan.edu.cn](mailto:td_econ@fudan.edu.cn) with an email subject of “insurance application” for initial screen. Qualified candidates will be interviewed at the 2018 American Allied Science Association meetings.

**About the University/School:** Locating in Shanghai China, Fudan University is among the top five universities in China. The QS world University Rankings (2015/16) considered it 43rd worldwide and in the 2015 U.S New Global University ranking, it ranks top three in China and #96 in the world. The School of Economics has five departments, including economics, international finance, risk management and insurance, world economics, and public economics.
