

- **One of Australia's leading research & teaching universities**
- **Vibrant campus life with a strong sense of community & inclusion**
- **Enjoy a career that makes a difference by collaborating & learning from the best**

**At UNSW, we pride ourselves on being a workplace where the best people come to do their best work.**

UNSW Business School is a leader in business education and research in the Asian region and one of the largest Business Schools in Australia with more than 15,000 students, 500 academic and professional staff and more than 80,000 alumni and partners. The Business School offers a full suite of business degree programs at undergraduate, postgraduate, coursework and research levels, including the AGSM MBA programs and a range of Executive Programs. Its direction is guided by a business advisory council of leading CEOs, chairpersons and other business leaders.

The School of Risk & Actuarial Studies has an established international reputation for excellence in its undergraduate and postgraduate programs in Actuarial Studies, its courses in risk management and superannuation and pensions and its supervision of Honours, MPhil and PhD students. The School's reputation is built on outstanding staff, students and alumni, a strong international research profile and well developed local and international linkages with academics, industry and government.

### **About the role**

- **Lecturer \$103,047 - \$121,478** plus salary supplementation, 17% superannuation and leave loading
- **Senior Lecturer \$125,160 - \$143,593** plus salary supplementation, 17% superannuation and leave loading
- **5 Years Fixed Term, Full Time (Convertible Tenure Track)**

Due to an exciting period of growth for the School of Risk & Actuarial Studies, applications are invited for the appointment of two Lecturer/ Senior Lecturer's (Level B/C academic) with an outstanding record of teaching, demonstrated leadership and research expertise in Actuarial Studies.

While this position indicates a 5-year appointment, it may convert to a continuing role.

*A Level B Academic (Lecturer)* is expected to make contributions to teaching in the School and to carry out activities to maintain and develop his/her scholarly research and professional activities.

*A Level C Academic (Senior Lecturer)* is expected to make significant contributions to teaching in the School and to play a major role in scholarship, research and professional activities.

The roles of Lecturer/Senior Lecturer will report to the Head of School, Risk and Actuarial Studies.

## About the successful applicant

To be successful in this role you will have:

- A PhD degree in actuarial science or a related discipline (or expected to complete their degree requirements by end of 2018).
- Expected or demonstrated in publishing in top international journals in actuarial science and/or related areas (Level B)
- A strong track record of publications in top international journals in actuarial science and/or related areas with demonstrated success in applying for competitive research grants (Level C)

You should systematically address the selection criteria listed within the position description in your application. Please apply online - applications will not be accepted if sent directly to the contact listed.
